

# SHERLOCK GNOMES DETECTIVE SHEET

Clue	Location	Letters
My names Ned the Gnome and this place is my new home. I don't want to "w-rec-k" anything but if you want to know which letter's I took you'll have to take a good hard look. I want to "SEA" if you "CAN" find me, here I play and have fun all day.		
The name is Bart, I'm not a diamond, spade or heart. While I'm here I might paint, dance or throw a dart. I'll stay safe with good protection and wait till they open for their next jam session.		
My names Claire and my hiding spot is in the open air. If I don't hide well, you could see my reflection there.		
My names skip, and I'll give you a tip! There's lots of clues to come, and fun in "store". You might see me when you drive by, stop for a chip, get gas or more. Look in the place where your community information is shared, at the top you'll see me and my letters there.		
My names Kyle and I could stay hiding here for a while. It's a good thing where I'm hiding has lots of jackets, you can learn about anything here from ancient Rome to tennis rackets. This building in Redbridge has the most stories but is not very tall. If you solve all these clues, you could find us all!		
My names Doc and I'm the oldest gnome around. If you want to find the letters I stole, go to the "golden" place in your town.		
Bobs my name, riddles, clues and hiding is my game. To find where I am, just look for a sign. Knowing your ABC's and 123's can help you figure out this hiding spot of mine!		
My names Charlie and you can <b>ONLY</b> find me on Saturdays, I'm the new volunteer around here now a day's. I think I will call this little shack home, once a week I get visitors who bring junk of their own. Ill welcome you as you go on your way, "throw it far over the edge" I hear the other nice volunteers say.		
My names Dan this clue is hard, but if you think long about it you will find me in the yard. First is the last, last is the first, U R in the middle. My hiding spot may be the toughest riddle!
